

# PLAN BACKGROUND & PROCESS

## WELCOME TO ENVISION TOMORROW!

**Envision Tomorrow is Lacey's Comprehensive Plan Update** that sets a clear vision for the city over the next 20 years—addressing housing, parks and open space, economic development, historic preservation, public services, the environment, and more.

### Envision Tomorrow is about Community Input

The policies we establish today will help us achieve our long-term goals—goals that we develop through a meaningful public process with people from all walks of life.

## GETTING STARTED

In today's Open House, you'll be able to discuss how the policies we set for **Transportation, Land Use, Housing, Economic Development,** and **Climate** can help us achieve the goals that the community has told us are most important.

*You can visit each station in order, or feel free to move around. Staff are available to answer any questions.*

**Thank you, and enjoy!**

Transportation

Land Use

Housing

Economic Development

Climate

# PLAN BACKGROUND & PROCESS

## COMPREHENSIVE PLAN UPDATE PROCESS

**Washington State's Growth Management Act requires that cities and counties conduct a thorough review of their comprehensive plans every ten years.**

This review is meant to reflect new population and employment projections and any related zoning and/or urban growth area changes, as well as changes in state law, new community priorities, and more.

**Lacey's Previous Comprehensive Plan was completed in 2016.** The 2024 Washington State Legislature extended the deadline for Lacey to update its Comprehensive Plan to **December 31, 2025.**

## Stay Connected

As Envision Tomorrow continues Phase 2 and transitions into Phase 3 later this year, we will provide more opportunities for people to share their thoughts and ideas, including local community meetings and a web-based policy review tool.

# PLAN BACKGROUND & PROCESS

## COMMUNITY INVOLVEMENT

Envision Lacey 2045 is the City's Comprehensive Plan Update process, which is divided into four phases. We are currently in Phase 2.

**Opportunities for public engagement throughout the update process**

As Envision Tomorrow continues Phase 2 and transitions into Phase 3 later this year, we will provide more opportunities for people to share their thoughts and ideas, including local community meetings and a web-based policy review tool.
